## Swap Shop: Assessment in HE during the Covid-semester?

**When:** Saturday, 8<sup>th</sup> May 2021, 11:00am – 1:00pm  
**Where:** online

*Are you teaching in higher education in Germany? If you are, your courses have most likely been moved online for the 3<sup>rd</sup> semester in this pandemic. You've probably been told that you can't run your language exams on campus this semester. Are you wondering how you're going to assess your students? Are you looking for ideas on how to assess creatively? Are you worried about problems with cheating? Then this session is for you!*

Not a workshop in the traditional sense, but rather a marketplace of ideas, we're going to share best practice and stories from the previous two Covid-semesters. For the session to succeed, each participant is expected to prepare a five-minute presentation or talk on their own online exams (oral & written, alternative assessments, etc.) in the last two semesters. Working in groups, you'll analyse the different approaches that have been taken, and share some ideas on common problems that we have: cheating, increased workload, adapting assessment for platforms such as Moodle, Ilias, and others .... Hopefully, we'll leave the session with some inspiring ideas and renewed energy for our courses and assessment.

### Interested? Then ... ..

1. Register for the event by **Wednesday 5<sup>th</sup> May** here: [REGISTRATION LINK](#)
2. Go to the Swap Shop folder on Google docs: [SWAP SHOP](#)  
*Add your ideas and comments to any of the boards in the folder. We'll refer to these in our session.*

*This swap shop is brought to you by ELTAU & ELTA-Rhine. Your moderators are Julia Bilich from ELTAU & Khanh-Duc Kuttig from ELTA-Rhine.*
